

NWO Tourism Loop

Our trails are maintained by volunteer snowmobile clubs and run across lakes and through the forests. Town loops ensure you can access the trail system from any town or city. The best part about our snowmobile trails is the fact there is **no congestion** and great riding conditions await you. Wide and well-marked trails ensure safety and enjoyment for riders of all levels of experience.

The key is: to have fun and you do this by dressing warm, staying on the trail and obey the regulations. This includes buying a local trail permit from the club in the area you'll be riding. After a fun-filled day on the trails stay at one of our winter resorts, hotels, motels or B&Bs and relax in a winter wonderland. Enjoy good times with your friends and have a warm beverage by the fireplace.

OFSC Mission Statement

The Ontario Federation of Snowmobile Clubs is dedicated to providing strong leadership and support to member clubs and volunteers, to establish and maintaining quality snowmobile trails, which are used in a safe and environmentally responsible manner, and to further the enjoyment of organized snowmobiling.

3 or 7 DAY WINTER ADVENTURE

Ride the NWO Tourism Loop, 874 km of trail, and never ride the same trail twice. Trail outlined in Blue connecting Atikokan to Emo to Kenora to Dryden to Sioux Lookout to Ignace and back to Atikokan. Beautiful scenery, lots of lakes to ice-fish and all types of terrain. Detour off the loop to see the White Otter Castle.
